National Merit Finalists

A National Merit Semifinalist performs in the top 1% national percentile of the 1.5 million college-bound high school juniors on the Preliminary SAT (PSAT).

To become a Finalist, a Semifinalist must have an outstanding academic record throughout high school, be endorsed and recommended by the high school principal, and earn SAT scores that confirm the student's Junior Year performance on the qualifying Preliminary SAT.

We are proud of the ability of our school to provide students with the foundation to develop their academic talents through hard work and commitment.
